

Thank you for taking an interest in the SSSI, Spatial Information and Cartography Commission's Certification. The certification application pack contains all the information that you need in order to assemble an application to be considered for certification as a "Geographic Information Systems Professional – Asia Pacific" (GISP-AP). We commend you for taking this voluntary step forward in your professional development.

The GISP-AP certification application must be submitted with proper documentation. What constitutes proper documentation is detailed on the forms and within the comprehensive GISP-AP Certification Manual. This manual should be consulted often as you fill out your forms. The tips and strategies will help to make the application process easier for you and the SSSI Spatial Information Commission Certification Panel. It is important that you adhere to the guidelines listed on each form and in the manual. Deviations from the GISP-AP certification guidelines may jeopardize or seriously delay the review of your application and your certification.

Full payment must accompany your completed GISP-AP certification application in order to be considered.

A copy of the GISP-AP Code of Ethics and Rules of Conduct is included in the pack as well. Please read them carefully and sign and date the Acknowledgement Form. No application will be processed without this form. Also, included is an optional questionnaire regarding your experience with the GISP-AP certification process. GISP-AP Certification is still in its infancy and your experience will provide valuable feedback to the SSSI Spatial Information Commission Certification Panel.

We ask that applicants be honest, critical, and inquisitive. If questions or issues arise, please do not hesitate to contact a SSSI staff member, GISP-AP or visit the website at www.sssi.org.au

Thank you very much for your participation.

Yours faithfully
