

# Skilled Capital

An ACT Government training initiative, funded by the ACT and Australian Governments

## Have you heard about *Skilled Capital*? It is an affordable way to upskill your staff.

Skilled Capital provides an opportunity for new and existing employees to increase their skills through a formal qualification.

Skilled Capital is an ACT Government training initiative aimed to increase the productivity of the ACT workforce through improved access to high quality training.

Through the Skilled Capital initiative, both job seekers and existing workers can access government subsidised training in a selection of qualifications.

Visit the [CIT website](#) for a list of available course and pricing information.

Employees may also be eligible to receive a range of support services to assist them to complete their training.

**Places are limited and subject to availability and eligibility so contact the Business team at CIT to see how your business can benefit.**
