Re: FEEDBACK REQUESTED: Review of Trial of revised plan examination priority

On behalf of the Surveying and Spatial Sciences Institute (SSSI), I would like to thank you for the opportunity to comment on the Review of Trial of revised plan examination priority. Additionally, I would like to thank you for the extension to the feedback due date.

The SSSI is Australia's peak body representing the interests of surveying and spatial science professionals, combining the disciplines of land surveying, engineering & mining surveying, cartography, hydrography, remote sensing and spatial information science.

In summary, the SSSI Land Surveying Commission in Western Australia does not believe there are any concerns or issues regarding the trial of revised plan examination priority.

Once again, thank you for the opportunity to comment. If you require any further feedback, please do not hesitate to contact me on 0415 428 109 or email rom.wa@sssi.org.au

Sincerely

Aaron Gibson
SSSI WA Land Surveying Commission Chair
